Mixing Soft Seating with Tables

How to do soft seating outside of lounges

Our benches fit perfectly
with a 30, 36, or
48 inch table.
Shown in these images
with our 30"
cabaret tables.

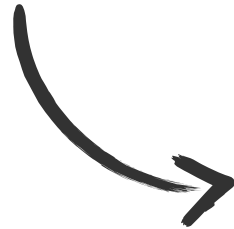

We designed our Slip Cover Sofas to sit high enough for dining tables. This means you can use them in a lounge or as table seating!

Our Lola loveseats
are design to sit high
enough
for dining tables!
Pictured here with 48"
rounds and 30" cabarets.
